FOR PASSION WEEK

SERVICES AT FIRST M. E. AND PRESBYTERIAN.

THE WEEK'S PROGRAM

Holy Week, April 5 to 12, Will Be Observed Here With Appropriate Services.

The program for the observance of Passion Week at the First M. E. church is completed and in the hands of the printer. The pastor, Rev. Gilbert S. Cox, as a prelude to the program, speaks briefly on Jesus' last hours, in these words:

The Seven Words of the Cross.

As the crushed rose, in its death, yields up its sweetest perfume, so it has been with the lives of many. In the last hour of defeat and death many men have breathed out words whose fragrance enrich the years. The life of Jesus was no exception. When broken and bleeding beneath the burden and sin of the world, he gave utterance to the very essence of God's message to men:

"Father, forgive them, for they know not what they do."

"To-day shalt thou be with me in paradise."

"Woman, behold thy son * * * behold thy mother."

"My God, my God, why hast thou forsaken me?"

"I thirst."

"It is finished."

"Father, into thy hands I commend my spirit."

The shepherdless disciples stood about the cross, heard these words and treasured them in their hearts. They saw in them freedom from sin, solace for sorrow, strength for service, and salvation for the world.

As again we stand about the cross in these Passion Week services may the words of our Savior sink deep into our souls, and may our hearts be melted into submission and our lives transformed by His love.

SOLD PRODUCE BUSINESS.

Henry Cook Has Purchased the Spiers Produce House.

J. A. Spiers sold his produce business Thursday, on the east side of the square, to Henry Cook, who took possession Friday morning. Mr. Spiers has been in the produce business in Maryville nearly two years and has enjoyed a good patronage. He is undecided as to where he will locate. He said to a representative of this paper that he liked Maryville and its people and was thankful for their past good patronage. He recommends Mr. Cook very highly to the trade

KEPT THEIR WORD.

Two of Five Stanberry Sisters Kept Vow Not to Wed Till 30.

An unusual compact, which was faithfully kept, was entered into several years ago by the five Smith sisters, daughters of James Smith of Stanberry, Mo.

The compact was to the effect that neither of the girls should marry before she had reached the age of 30 years, and that none of them should marry a man whom she had not known well for a period of seven years.

The five sisters, Esther, Cora, Vida, Lois and Loren, belonging to an old and highly respected family, and the five are well educated and cultured. Two of them have married already—after having fulfilled the requirements of the compact.

The last one to be wed was Miss Lois, who was married in December of last year.

ROBERTSON A CANDIDATE.

Burlington Junction Attorney Will Run For Probate Judge.

The Burlington Junction Post, in this week's issue, says:

Jesse F. Robertson will be a candidate for the nomination for probate judge on the Democratic ticket. Mr. Robertson's name has been mentioned frequently over the county and at the request of many friends and prominent members of the county organization he has decided to make the race, and this week shied his John B. Stetson right in the center of the ring.

Mr. Robertson has been practicing law in Burlington Junction for over a quarter of a century and needs no introduction to the people in Nodaway county. He has a thorough knowledge of law and has ably demonstrated that he is singularly qualified to discharge the duties connected with the office which he seeks. He has many friends in the county who will work for his interests and is sure to make a strong race for the nomination.

PROSPECTS GOOD.

Normal Base Ball Team Took First Outdoor Workout Thursday.

The base ball prospects at the Normal school are brighter this season than they have been for several years. Limbering up work has been going on in the gymnasiums for several weeks and the squad had their first outdoor practice yesterday evening. About twenty men have turned out for the team and there will be a hot contest for every position on the team.

Quite a number of last year's men are back again, and a number of players who have good base ball records are also in attendance this quarter. Among some of the experienced men who are out for the team this year are Captain McKee, Brittain, Leavel, Bird, Long, Dyer, Noblett, Long, Hamm and Richards. The schedule for the season is now nearly complete and will be published in a few days.

The track candidates have also been at work in the gymnasium for some time past, but it is yet too early to get any line on their performances. The men who make the team, however, will get to make the trip to the state intercollegiate track meet at Fayette, Mo., in May.

Y. M. C. A. Selects Delegates.

Delegates have been selected by the Y. M. C. A. of the Normal school to represent the organization at Kansas City, April 9, 10, 11 and 12. There will be two meetings held at this time, the officers' training conference and the Missouri-Kansas life work conference. The meetings promise to be of great importance to Y. M. C. A. workers. Some of the biggest men in the work in America are on the program, which promises to be of exceptional interest. The men who will attend from the Normal school organization are Orlo Quinn, Ray McPherron, E. C. Borchers, Chastain Harrell, Leo Kuhner and Harvey Watson.

FEW CRIMINAL CASES

It is Expected That There Will Not Be Many Jury Trials—There Are Seven Divorce Cases.

The April term of the circuit court of Nodaway county will be in session Monday morning. The docket contains few cases, and it is probable the term will be a short one. Only seven divorce cases are scheduled on the docket.

On the criminal docket there are several cases. Everett Lawson and Sherman A. Munn will be tried, charged with assault with intent to kill. John Fisher, Jr., will also be tried, being charged with operating a motor vehicle while intoxicated. There is one carnal knowledge case, being that of Daniel Taylor. C. D. Mayhew's case is set for Wednesday, April 15, and the charge is wife abandonment. The other cases are mostly gaming and violations of local option law.

Flemming of Greenfield, Ia.

LAYING NEW MAINS

THE WORK STARTED TODAY WITH FORTY MEN.

THREE GREAT BENEFITS

It Will Give a Part of the City Fire Protection, More Water Users and a Route to the Tower.

Work was started Friday morning on the new water mains, and forty men are on the job, in charge of Manager Lou Denny of the City Water Co. There will be 12,000 feet of mains to be laid. The entire line will be laid with 6-inch castiron pipe, and is considerably larger than the old mains.

On account of the illness of City Engineer F. L. Flynt, the work has been delayed for some time. They have also been short of material. Manager Denny will have charge of the work until Mr. Flynt is able to assume his duties.

The main begins at the south end of Buchanan street and will go east a little over a mile, then north about three-fourths of a mile. From this point it will go west into the northeast part of the city, and finishes up at the corner of Fourth and Charles streets.

Three great benefits will come from the new mains. It will give a part of the city fire protection that has never had it. There will be ten new hydrants installed. It will give the city at least one hundred more water users. The new mains will make it possible to pump water to the water tower by three different routes, which will lessen the chance of the city being without water.

Returned With Horses.

Ben Jones arrived home on the early Sunday morning train from Juarez, Mexico, where he had been the last winter with a string of race horses. He made considerable money this season. Those returning with him were Ed Stites and Tony Smith, the jockey. Garner and Cummings, the other jockeys, went to other places. Ben purchased one horse while there which he expects to use for breeding purposes. He is a fine looking horse and is highly bred. His name is "Waldo."—Parnell Sentinel.

Atchison County Case Remanded.

The case of Ollie Long of Atchison county was reversed and remanded by the supreme court Thursday. Long was convicted of a statutory charge and given two years in the penitentiary and this judgment was reversed by the supreme court and remanded for a new trial. On a change of venue the case was tried in Nodaway county and a sentence of six months in jail and a fine of $500 were imposed. The opinion was written by Judge Graves.

WILL MEET SATURDAY.

People's Telephone Union to Vote on New Constitution.

The representatives of the People's Telephone Union will meet at the court house Saturday afternoon to vote on the new constitution. At the meeting last Saturday they failed to adopt the constitution as a whole, but took a standing vote on it by sections. The last two sections were held over for this meeting.

The most important section to be discussed is in regard to the rates. At the last meeting the majority of the delegates favored having a maximum rate of $1 for business phones and 75 cents for residence phones. This section will probably be settled before the constitution is voted on.

The delegates favored the plan of subscribers buying their phones and keeping them in repair and for the company to repair the trunk lines.

BROTHERHOOD LAST NIGHT.

Methodists Met in Regular Monthly Meeting—Discussed City Campaign Now On;

Fifty men sat at the regular monthly banquet and business meeting of the Brotherhood of the First M. E. church Thursday evening. The second division of the Ladies' Aid society of the church served supper, and it was indeed most appetizing and attractive.

After supper the regular routine business of the Brotherhood was discussed, and the mayoralty question came in for lively notice.

Three new members were added, H. B. Cox, Ernest Moore and Oliver O. Howard.

Two visitors contributed to the enjoyment of the evening. Dr. R. E. Hamilton of the Buchanan Street Methodist church and H. W. Hull of the Baptist church.

SUPREME COURT DECISIONS.

State Tribunal Holds Bequests to Foreign Educational Institutions Are Taxable.

Judge Graves filed an opinion Thursday in the supreme court en banc, in which he holds that estates left to educational and religious institutions located outside of Missouri are subject to the collateral inheritance tax.

The case came from Nodaway county, where James Quick willed a portion of his estate to the bishop of Peoria for certain educational and religious institutions in the state of Illinois. The amount was $4,250, which was claimed as exempt from the inheritance tax. Judge Graves holds that this money is not exempt and orders the tax of $212 paid.

Visiting Their Daughter.

Mr. and Mrs. Harry Whitney went to St. Joseph Thursday evening for a ten days' visit with their daughter, Mrs. Earl Gruber, and family.

Independent Candidate for Marshal.

I have been told that had my name been presented to the Non-Partisan convention that I would have received the nomination for marshal, but owing to a slight misunderstanding my name was not put before that convention. Quite a number of good citizens have asked me to run as an independent candidate for the office, and I have decided to do so. I will need about 700 votes to win. My opponent seems to have the advantage, as he is running on two tickets and all kinds of platforms, while I have to take the streets and alleys. I went out for practice this morning and made good time around one block of the town. By Tuesday morning I hope to be in good trim and running all over the city, landing at the city hall about 6 p. m. a good winner. In order to do this my name will have to be written on about 700 tickets. Will you help me? I assure you I will appreciate your assistance, and if elected I will try to fill the office in a way that will meet the approval of all good citizens. Thanking you in advance for your good offices in helping me to land the plum in this unequal contest, I am,

Yours to please,
FRAN KPARTRIDGE.

FOR SCHOLARSHIP?

TWO YOUNG MEN SOLICITING FOR PERIODICALS.

UNFAVORABLE LETTER

Found on Floor by Supt. Westbrook After They Left His Office—Instructs Them in the "Game."

Superintendent Westbrook of our public schools was approached Wednesday by two young men who asked permission to solicit among the teachers for various periodicals they were agents for.

They said they were working for scholarships and wished to work among people who would appreciate the object for which they were working, also the publications they were taking subscriptions for.

Mr. Westbrook asked them for recommendations, but they were unable to produce any. He told them he could not allow them to work in the schools without some assurance that they and the company they represented are all right.

When the young men turned away from Mr. Westbrook, who was in his office at the time, one of them dropped a letter on the floor, but it was not discovered until some time after their departure. The letter was addressed to "Mr. John C. Brewer, St. Joe, Mo., Metropole Hotel," and as the return card on the envelope instructed its return to the "Periodical Circulating Company, 511 New York Life Building, Kansas City, Mo." the company indicated by the young men, he felt justified in looking into its contents.

The letter is dated March 26, 1914, and signed by "L. C. Byrne," who is designated on the letter head as "district sales manager." Here are a few extracts:

"When you get a nice bunch together beat it out of town, and I think they will all work better and the orders will come easier. Judd is sending his girls to Ottawa, Lawrence and Topeka. They start on their route this morning. I did not tell them you had just worked the town. I don't think they will do much behind your girls. * * * I am going out to canvass this afternoon and see what I can do. I have got to get busy and make some money. This town has had a pretty good lacing, but I think I can get some business at that, $6 per day and better. I hope you can get some girls to go with you. They are the best and can get more orders."

The postscript says: "I will have Nora write you some scholarship letters this afternoon. I sent you some copies of the companions yesterday. How do you find St. Joseph? Is it as easy as this town?"

The envelope containing this letter is postmarked "Kansas City."

The name of the city from which the letter is sent does not appear on the letterhead with the date.

The letter does not sound favorable to the young men and their business, yet it may be only a careless, "slangy" way of writing about a perfectly legitimate business.

But the circumstance reminds us of how a young man worked several houses in Maryville last fall in securing subscriptions to periodicals that failed to show up later, on the ground that he was working his way for a scholarship. So it may be well to be a little bit wary of scholarship agents.

It will be hard on the worthy ones, however, who will have to take up lots of time probably in establishing their identity and calling beyond the shadow of a doubt.

Mrs. C. J. Eckert went to St. Joseph Thursday evening on a shopping trip. She will return Friday night, after a short visit in Bolckow.

YOUR CHILD'S SIGHT

Should be a most important consideration. Many children are handicapped in school or subjected to petty nervous or physical ills by the effects of imperfect vision.

An examination of the eyes of 100,000 school children in New York City showed that nearly 30 per cent needed glasses. In Boston it was more than 20 per cent, and most of them were down on the books as "stupid," "stubborn" or "unruly."

Wearing glasses in childhood often averts serious trouble later on. Have our optician examine your child's eyes. If glasses are not needed you may be sure we will tell you so frankly.

Herefords in Good Condition.

Dr. F. M. Cahill of St. Joseph, who is deputy state veterinarian and president of the St. Joseph Veterinary college, was here last Friday and Saturday testing a number of Hereford cattle for Hugh Whiteford. They were found to be all in good condition, and a clean bill of health was issued, which entitles them to be shipped to any other state.

One of the strong points in favor of the Herefords is their freedom from tuberculosis, which causes a great loss in some of the other breeds of cattle.—Guilford Times.

Will Move to Maryville.

Frank Mowry, who sold his barber shop some time ago to John H. Austin of St. Joseph, is preparing to move to Maryville, where he has a position in Richard Strong's barber shop. They will sell part of their household goods at auction Saturday and will go to Maryville Monday. Mrs. Gertie Dicken and children are also planning to move to Maryville and will make their home with them.—Maitland Herald.

Wanted in St. Joseph.

Jack James, who has been serving a term in the county jail on a charge of carrying concealed weapons, was taken to St. Joseph Thursday to be tried on a charge of stealing a watch, a revolver and $70 from Henry Pfeifer, proprietor of a lunch wagon. When James was arrested here, over four months ago, Pfeifer's watch was found on him.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

Death of C. C. Wilson.

C. C. Wilson died at his home in Burlington Junction at 6 o'clock Tuesday morning, following an illness of several weeks. He had not been in good health for some time and was very weak when he was compelled to remain in his bed. Death was due to a complication of diseases. A short funeral service was held at the home Wednesday morning, conducted by Rev. John W. Love, pastor of the Christian church, and the remains were taken to Westboro, the deceased's old home, where interment was made in the Westboro cemetery.—Burlington Junction Post.

To the Public: Having bought out the poultry, egg and cream business of Mr. J. A. Spiers, on the east side of the square, I will appreciate it very much if the public will continue to give me their patronage, guaranteeing that I will continue to give you the same fair treatment that he has always given.

Respectfully,
HENRY COOK.

No New Developments.

Craig on County Unit Law.

Senator Anderson Craig of this city spoke at the M. E. church, South, in Savannah on Sunday evening, and this week's Savannah Reporter had the following to say:

Senator Craig, who was in the thickest of the fray for the passage of the county unit local option bill, recited in an interesting manner many incidents illustrating the acuteness, the chicanery, the snares and difficulties met in politics and the halls of the state legislature. The Anti-Saloon League and many others wished a law to prevent occurrences over the state similar to that at Maryville in which one precinct controls the entire county. The town of Maryville votes separately from the county. The entire county went dry and that decided it for the county. When Maryville voted every precinct had a majority vote of dry excepting one, and it went entirely wet, and thus one precinct controls all Nodaway county, for it is all effected by the saloons there. Mr. Craig said that no one would come out for state senator who would give evidence of his own position on this question so he announced himself on the last day and almost the last hour. His campaign incidents show the willingness of politicians and the opposing element. His was a desperate fight, but he was elected. Then the difficulties he met in getting before the right committees and having his bill presented after being repeatedly tabled, then the voting and its passage to become a law seemed like victory. It would have become a law in June had not the saloon league held it up by a petition for the iniative and referendum, making it come up at the fall election for ratification by the people. Indeed it was good to hear Senator Craig.

64 SEAL HUNTERS PERISH IN BLIZZARD

Men Caught on Floes of Ice While Sealing.

St. John, N. F., April 3.—At least sixty-four members of the crew of the sealing steamer Newfoundland perished in a storm which caught them on ice floes near the strait of Belle Isle.

That number of bodies was recovered by other steamers in the fleet, which also picked up thirty-seven survivors, all suffering severely from frost bite.

Thirty members of the crew had remained on the Newfoundland when their companions went out to hunt seals, leaving about twenty men unaccounted for out of the total crew of about 150. There is a possibility that some of these drowned by the overturning of ice cakes.

The steamer Bellaventure, with fifty-eight bodies and thirty-five of the survivors aboard, is due here today. News of the disaster was flashed here by the Bellaventure's wireless operator.

The sealing steamer Southern Cross, with 170 men aboard, was reported to have arrived safely at Channel, N. F. Fears had been felt that it had been wrecked in the blizzard.

Soon after the ceremony the couple took the train for King City, where they will go to housekeeping at once on a farm belonging to the groom's father. Both young people are well known here, having grown up in the community. The bride is the daughter of N. E. Boring and wife and the groom a son of Don Meadows and wife.—Maitland Herald.

Her Birthday Anniversary.

Mrs. Adolph Lippman was given a happy surprise Thursday afternoon by twenty of her friends who gathered to do her honor because they learned it was her birthday anniversary. An advance guard came and decorated her home handsomely before the arrival of the other guests. The reception hall and parlors were decorated in red carnations and ferns and the dining room was beautified with masses of pink and white sweet peas and ferns. Before luncheon the guests played games and the hostess gave an elaborate program of grand opera on her magnificent victrola. The favors were bouquets of carnations.

Miss Lulu Todd, who has been spending the Easter holidays with her mother, Mrs. Anna Todd, and family, left Friday morning for a few days' visit in Trenton with her sister, Miss Helen Todd, before returning to Hammond, Ind.

PURDUE GIRL SUES HAZERS

Freshie Asks Seven Thousand for Being Painted After Disrobing.

Lafayette, Ind., April 3.—As a result of a hazing in the girls' dormitory of Purdue university last January, Mabel Rogers of Shoals, Ind., filed suit against seven senior girls, demanding $7,000.

The plaintiff, who is a first year girl, alleges that up to the time she was hazed she was a healthy girl, with normal eyes, but now her sight is impaired and her health destroyed.

Miss Rogers, in her complaint, alleges that seven girls dragged her from her room, tore off her clothing, painted her chest, back and neck with red ink, poured mucilage on her back and stuck her with pins in an effort to compel her to kneel to her assailants.

NO COMPROMISE ON TOLLS

Wilson Denies Sending Senate Repeal Ultimatum.

Washington, April 3.—President Wilson made it known to inquirers that he expected no factional delay or filibustering in the senate against the house bill to repeal the exemption clause of the canal act. He denied he had sent any ultimatum to the senate with a view to forcing early action.

Although the bill is resting in the committee on interoceanic canals, there were many informal conferences during the day relating to the issue, and among the developments was a visit of Secretary of State Bryan at the capitol in the interest of the administration policy.

"No compromise" was the slogan of the administration leaders in their conferences. So many bills and resolutions have been introduced tending to cloud the plain issue of repeal that it has been determined to make it plain from the outset that no temporizing is to be countenanced, it is said.

Large Fund to Aid Students Released.

St. Louis, April 3.—A fund of about $250,000, which will yield annually an income of $9,500, to be used in assisting needy students at the University of Missouri, has just been released through the final settlement of the estate of Charles R. Gregory, it was announced by the attorney in charge of the estate. Gregory was a dry goods merchant, who died in 1909, leaving a life interest in his estate to Miss Maria Carter Gregory, a former resident of St. Louis. She died in Paris a year ago.

Lind on Way Home.

Washington, April 3.—President Wilson announced that John Lind, his personal representative in Mexico, sailed for the United States from Vera Cruz today on a vacation, but would return to Mexico after he had a rest.

WHY DRUGGISTS RECOMMEND

Vinol For Run-Down People.

If any one person should know the value of medicines it is the druggist who dispenses them, and from our experience we want to say if people in this vicinity only knew the value of Vinol, our delicious cod liver and iron tonic (without oil) at this season of the year, we would not be able to supply the demand.

This is because Vinol is a combination of the two most world famed tonics, namely, the medicinal curative elements of cods' livers without the oil, and iron for the blood.

Vinol tones up the digestive organs, purifies and enriches the blood, promotes healthful sleep and a normal appetite.

Old people, delicate children, rundown, overworked and tired women, should try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Orear-Henry Drug Co., Maryville, Mo. —Advertisement.

TORREON TAKEN BY VILLA'S ARMY

Carranga Announces Capture of Federal Stronghold.

CAMPAIGN ON FOR FORTNIGHT

City Falls After Bloodiest Series of Battles of Mexican Revolution—Remnant of Federal Army in Flight. Many Are Made Prisoners.

Juarez, Mex., April 3.—General Venustiano Carranza announced that Torreon has fallen completely into the hands of the rebels.

The news was first announced to the world when the bugler in front of General Carranza's residence blew the staccato notes of victory. The paen, General Carranza said, was sounded here even before it was heard in Torreon, General Villa delaying out of compliment to his chief.

The meager bulletins excitedly announcing victory after the bloodiest series of battles known to modern Mexico said that General Villa captured a large number of prisoners and that the fleeing remnant was being pursued.

Storm the Trenches.

Whether General Velasco, the federal commander, was captured was not stated. There was heavy fighting, it is understood, and the end came when, after capturing the three remaining barracks held in the city by the federals, the rebels stormed the trenches and barbed wire entanglements of Canyon de Huarache.

The prisoners captured are believed to have been the defenders of the barracks, while the troops in the canyon, which forms an egress from the hill girt city were able to fly.

The campaign against the federal stronghold of Torreon, the main object of the rebel campaign, began suddenly two weeks ago after General Villa had spent months in making the most careful preparations.

Rebel Losses Heavy.

The rebel loss in the campaign is said to be well over 2,000 in killed and wounded. Trains loaded with the latter have been arriving daily at Chihuahua for the last week. The rebel commander moved with a rapidity hitherto unknown in Mexican warfare. He worked his men in shifts, and as one shift became exhausted he sent fresh hosts against the enemy.

A number of smaller towns of lesser importance in a military sense fell first—Mapimi, Noe and Sacramento, where a bloody battle was fought. This opened a path for the main attack. Next came Lerdo and Gomez Palacio, populous suburbs of Torreon, and all three connected by a belt street car line. Lerdo was not defended, but it took three main assaults, in which the rebels lost heavily, to take Gomez Palacio.

In the final attack on the city troops were withdrawn from Lerdo, whereupon the federals occupied it, and another sanguinary conflict was necessitated to retake it.

GEM SMUGGLING INCREASES

Total Value of Imports at New York for March Was Nearly $3,000,000.

New York, April 3.—The total value of the gems imported at this port for March was $2,995,996, according to the announcement of W. T. Treadwell, jewelry examiner at the appraiser's stores.

For the three months of the current year, the total gem imports amounted to $7,130,561, as compared with $12,540,490 for that period in 1913.

It was denied by large importers that the decrease in the imports was due entirely to an increase in the smuggling of gems under the higher duty of the new tariff. Ludwig Nissen, president of the American Jewelers' Protective association, however, admitted there was more smuggling of gems at present than there had been in many years.

Burlington Pays Million for Six Lots.

St. Louis, April 3.—Six city blocks in North St. Louis, near the river front, were sold. It is understood that the price paid for the land exceeds $1,000,000. So far as could be learned the purchase was made in behalf of the Burlington railroad. The Burlington already has been given permission by congress to bridge the Mississippi river at Mitchell, Ill., and it is understood that the land will furnish a site for terminals.

Phone Co. Ordered to Vacate Streets.

Denver, April 3.—Judge Denison in the district court here issued an order for the removal of all poles, wires and other equipment of the Mountain State Telephone and Telegraph company from the streets of Denver. The order followed a recent decision that the company was a trespasser, because operating without a franchise. Counsel for the telephone company announced that an appeal would be taken to the state supreme court.

"Movie" Inspires Lad to Stab Mate.

Chicago, April 3.—Inspired by a dream of moving pictures, while sleeping at his desk in school, Arthur Poltrock, thirteen years old, drew a pocket knife and stabbed George Namara, his seat mate, eight times before the teacher could overpower him. Namara is believed to be fatally injured.

PARIS 400 WARS ON SLITS.

A Boycott Started by Exclusive Set Against the Wearers.

The slashed skirt has caused a serious split among the "400" of Paris. The exclusive set, led by the Duchess De Maille, has formed a league and come out strongly this week against gowns being slit even an inch.

On the other hand, the smart set, headed by Duchess de la Rochefoucauld (nee Mitchell), has banded together and is determined to adhere to the attractive fashion as long as it lasts.

Reprisals so far have been confined to a refusal of one group to invite members of the other to their social functions. The anti-slash league has appointed a paid secretary to assist in the campaign. She said:

"Dignified French women have been patient long enough, but now that the unbuttoned slash is gaining by inches every week we have decided to take action. We are aiming at the abolution of the skimpy corsages now worn. Blouses are growing more like belts every day."

Rue de la Paix dressmakers merely laugh at the new society movement.

"The campaign is rather belated," said Mme. Paquin. "There are no slashed skirts in the latest fashions, but the gowns have plenty of width to allow freedom for dancing the tango and maxixe."

Miss Eva Reaksecker and Warren Reaksecker of Maryville, Mo., visited Saturday and Sunday with Prof. A. H. Cooper and Miss Lennis Blake.—Grant City Star.

FOR PASSION WEEK

SERVICES AT FIRST M. E. AND PRESBYTERIAN.

THE WEEK'S PROGRAM

Holy Week, April 5 to 12, Will Be Observed Here With Appropriate Services.

The program for the observance of Passion Week at the First M. E. church is completed and in the hands of the printer. The pastor, Rev. Gilbert S. Cox, as a prelude to the program, speaks briefly on Jesus' last hours, in these words:

The Seven Words of the Cross.

As the crushed rose, in its death, yields up its sweetest perfume, so it has been with the lives of many. In the last hour of defeat and death many men have breathed out words whose fragrance enrich the years. The life of Jesus was no exception. When broken and bleeding beneath the burden and sin of the world, he gave utterance to the very essence of God's message to men:

"Father, forgive them, for they know not what they do."

"To-day shalt thou be with me in paradise."

"Woman, behold thy son * * * behold thy mother."

"My God, my God, why hast thou forsaken me?"

"I thirst."

"It is finished."

"Father, into thy hands I commend my spirit."

The shepherdless disciples stood about the cross, heard these words and treasured them in their hearts. They saw in them freedom from sin, solace for sorrow, strength for service, and salvation for the world.

As again we stand about the cross in these Passion Week services may the words of our Savior sink deep into our souls, and may our hearts be melted into submission and our lives transformed by His love.

SOLD PRODUCE BUSINESS.

Henry Cook Has Purchased the Spiers Produce House.

J. A. Spiers sold his produce business Thursday, on the east side of the square, to Henry Cook, who took possession Friday morning. Mr. Spiers has been in the produce business in Maryville nearly two years and has enjoyed a good patronage. He is undecided as to where he will locate. He said to a representative of this paper that he liked Maryville and its people and was thankful for their past good patronage. He recommends Mr. Cook very highly to the trade.

KEPT THEIR WORD.

Two of Five Stanberry Sisters Kept Vow Not to Wed Till 30.

An unusual compact, which was faithfully kept, was entered into several years ago by the five Smith sisters, daughters of James Smith of Stanberry, Mo.

The compact was to the effect that neither of the girls should marry before she had reached the age of 30 years, and that none of them should marry a man whom she had not known well for a period of seven years.

The five sisters, Esther, Cora, Vida, Lois and Loren, belonging to an old and highly respected family, and the five are well educated and cultured. Two of them have married already—after having fulfilled the requirements of the compact.

The last one to be wed was Miss Lois, who was married in December of last year.

ROBERTSON A CANDIDATE.

Burlington Junction Attorney Will Run For Probate Judge.

The Burlington Junction Post, in this week's issue, says:

Jesse F. Robertson will be a candidate for the nomination for probate judge on the Democratic ticket. Mr. Robertson's name has been mentioned frequently over the county and at the request of many friends and prominent members of the county organization he has decided to make the race, and this week shied his John B. Stetson right in the center of the ring.

Mr. Robertson has been practicing law in Burlington Junction for over a quarter of a century and needs no introduction to the people in Nodaway county. He has a thorough knowledge of law and has ably demonstrated that he is singularly qualified to discharge the duties connected with the office which he seeks. He has many friends in the county who will work for his interests and is sure to make a strong race for the nomination.

PROSPECTS GOOD.

Normal Base Ball Team Took First Outdoor Workout Thursday.

The base ball prospects at the Normal school are brighter this season than they have been for several years. Limbering up work has been going on in the gymnasiums for several weeks and the squad had their first outdoor practice yesterday evening. About twenty men have turned out for the team and there will be a hot contest for every position on the team.

Quite a number of last year's men are back again, and a number of players who have good base ball records are also in attendance this quarter. Among some of the experienced men who are out for the team this year are Captain McKee, Brittain, Leavel, Bird, Long, Dyer, Noblett, Long, Hamm and Richards. The schedule for the season is now nearly complete and will be published in a few days.

The track candidates have also been at work in the gymnasium for some time past, but it is yet too early to get any line on their performances. The men who make the team, however, will get to make the trip to the state intercollegiate track meet at Fayette, Mo., in May.

Y. M. C. A. Selects Delegates.

Delegates have been selected by the Y. M. C. A. of the Normal school to represent the organization at Kansas City, April 9, 10, 11 and 12. There will be two meetings held at this time, the officers' training conference and the Missouri-Kansas life work conference. The meetings promise to be of great importance to Y. M. C. A. workers. Some of the biggest men in the work in America are on the program, which promises to be of exceptional interest. The men who will attend from the Normal school organization are Orlo Quinn, Ray McPherron, E. C. Borchers, Chastain Harrell, Leo Kuhner and Harvey Watson.

THE APRIL TERM WILL CONVENE MONDAY.

FEW CRIMINAL CASES

It is Expected That There Will Not Be Many Jury Trials—There Are Seven Divorce Cases.

The April term of the circuit court of Nodaway county will be in session Monday morning. The docket contains few cases, and it is probable the term will be a short one. Only seven divorce cases are scheduled on the docket.

The divorce cases are: Phrana Cooper vs. Frank Cooper, Dorothy Burroughs vs. William Burroughs, Emma E. Monk vs. Jesse Monk, Silas A. Gilbert vs. Barbara O. Gilbert, Jane Davis vs. Jesse Davis, Alice Kissinger vs. Jacob B. Kissinger, Lizzie Conklin vs. James Conklin.

On the criminal docket there are several cases. Everett Lawson and Sherman A. Munn will be tried, charged with assault with intent to kill. John Fisher, Jr., will also be tried, being charged with operating a motor vehicle while intoxicated. There is one carnal knowledge case, being that of Daniel Taylor. C. D. Mayhew's case is set for Wednesday, April 15, and the charge is wife abandonment. The other cases are mostly gaming and violations of local option law.

Flemming of Greenfield, Ia.

LAYING NEW MAINS

THE WORK STARTED TODAY WITH FORTY MEN.

THREE GREAT BENEFITS

It Will Give a Part of the City Fire Protection, More Water Users and a Route to the Tower.

Work was started Friday morning on the new water mains, and forty men are on the job, in charge of Manager Lou Denny of the City Water Co. There will be 12,000 feet of mains to be laid. The entire line will be laid with 6-inch castiron pipe, and is considerably larger than the old mains.

On account of the illness of City Engineer F. L. Flynt, the work has been delayed for some time. They have also been short of material. Manager Denny will have charge of the work until Mr. Flynt is able to assume his duties.

The main begins at the south end of Buchanan street and will go east a little over a mile, then north about three-fourths of a mile. From this point it will go west into the northeast part of the city, and finishes up at the corner of Fourth and Charles streets.

Three great benefits will come from the new mains. It will give a part of the city fire protection that has never had it. There will be ten new hydrants installed. It will give the city at least one hundred more water users. The new mains will make it possible to pump water to the water tower by three different routes, which will lessen the chance of the city being without water.

Returned With Horses.

Ben Jones arrived home on the early Sunday morning train from Juarez, Mexico, where he had been the last winter with a string of race horses. He made considerable money this season. Those returning with him were Ed Stites and Tony Smith, the jockey. Garner and Cummings, the other jockeys, went to other places. Ben purchased one horse while there which he expects to use for breeding purposes. He is a fine looking horse and is highly bred. His name is "Waldo."—Parnell Sentinel.

Atchison County Case Remanded.

The case of Ollie Long of Atchison county was reversed and remanded by the supreme court Thursday. Long was convicted of a statutory charge and given two years in the penitentiary and this judgment was reversed by the supreme court and remanded for a new trial. On a change of venue the case was tried in Nodaway county and a sentence of six months in jail and a fine of $500 were imposed. The opinion was written by Judge Graves.

WILL MEET SATURDAY.

People's Telephone Union to Vote on New Constitution.

The representatives of the People's Telephone Union will meet at the court house Saturday afternoon to vote on the new constitution. At the meeting last Saturday they failed to adopt the constitution as a whole, but took a standing vote on it by sections. The last two sections were held over for this meeting.

The most important section to be discussed is in regard to the rates. At the last meeting the majority of the delegates favored having a maximum rate of $1 for business phones and 75 cents for residence phones. This section will probably be settled before the constitution is voted on.

The delegates favored the plan of subscribers buying their phones and keeping them in repair and for the company to repair the trunk lines.

BROTHERHOOD LAST NIGHT.

Methodists Met in Regular Monthly Meeting—Discussed City Campaign Now On.

Fifty men sat at the regular monthly banquet and business meeting of the Brotherhood of the First M. E. church Thursday evening. The second division of the Ladies' Aid society of the church served supper, and it was indeed most appetizing and attractive.

After supper the regular routine business of the Brotherhood was discussed, and the mayoralty question came in for lively notice.

Three new members were added, H. B. Cox, Ernest Moore and Oliver O. Howard.

Two visitors contributed to the enjoyment of the evening. Dr. R. E. Hamilton of the Buchanan Street Methodist church and H. W. Hull of the Baptist church.

SUPREME COURT DECISIONS.

State Tribunal Holds Bequests to Foreign Educational Institutions Are Taxable.

Judge Graves filed an opinion Thursday in the supreme court en banc, in which he holds that estates left to educational and religious institutions located outside of Missouri are subject to the collateral inheritance tax.

The case came from Nodaway county, where James Quick willed a portion of his estate to the bishop of Peoria for certain educational and religious institutions in the state of Illinois. The amount was $4,250, which was claimed as exempt from the inheritance tax. Judge Graves holds that this money is not exempt and orders the tax of $212 paid.

Visiting Their Daughter.

Mr. and Mrs. Harry Whitney went to St. Joseph Thursday evening for a ten days' visit with their daughter, Mrs. Earl Gruber, and family.

Independent Candidate for Marshal.

I have been told that had my name been presented to the Non-Partisan convention that I would have received the nomination for marshal, but owing to a slight misunderstanding my name was not put before that convention. Quite a number of good citizens have asked me to run as an independent candidate for the office, and I have decided to do so. I will need about 700 votes to win. My opponent seems to have the advantage, as he is running on two tickets and all kinds of platforms, while I have to take the streets and alleys. I went out for practice this morning and made good time around one block of the town. By Tuesday morning I hope to be in good trim and running all over the city, landing at the city hall about 6 p. m. a good winner. In order to do this my name will have to be written on about 700 tickets. Will you help me? I assure you I will appreciate your assistance, and if elected I will try to fill the office in a way that will meet the approval of all good citizens. Thanking you in advance for your good offices in helping me to land the plum in this unequal contest, I am,

Yours to please,

FRAN KPARTRIDGE.

A Good Time Promised

FOR SCHOLARSHIP?

TWO YOUNG MEN SOLICITING FOR PERIODICALS.

UNFAVORABLE LETTER

Found on Floor by Supt. Westbrook After They Left His Office—Instructs Them in the "Game."

Superintendent Westbrook of our public schools was approached Wednesday by two young men who asked permission to solicit among the teachers for various periodicals they were agents for.

They said they were working for scholarships and wished to work among people who would appreciate the object for which they were working, also the publications they were taking subscriptions for.

Mr. Westbrook asked them for recommendations, but they were unable to produce any. He told them he could not allow them to work in the schools without some assurance that they and the company they represented are all right.

When the young men turned away from Mr. Westbrook, who was in his office at the time, one of them dropped a letter on the floor, but it was not discovered until some time after their departure. The letter was addressed to "Mr. John C. Brewer, St. Joe, Mo., Metropole Hotel," and as the return card on the envelope instructed its return to the "Periodical Circulating Company, 511 New York Life Building, Kansas City, Mo." the company indicated by the young men, he felt justified in looking into its contents.

The letter is dated March 26, 1914, and signed by "L. C. Byrne," who is designated on the letter head as "district sales manager." Here are a few extracts:

"When you get a nice bunch together beat it out of town, and I think they will all work better and the orders will come easier. Judd is sending his girls to Ottawa, Lawrence and Topeka. They start on their route this morning. I did not tell them you had just worked the town. I don't think they will do much behind your girls. * * * I am going out to canvass this afternoon and see what I can do. I have got to get busy and make some money. This town has had a pretty good lacing, but I think I can get some business at that, $6 per day and better. I hope you can get some girls to go with you. They are the best and can get more orders."

The postscript says: "I will have Nora write you some scholarship letters this afternoon. I sent you some copies of the companions yesterday. How do you find St. Joseph? Is it as easy as this town?"

The envelope containing this letter is postmarked "Kansas City."

The name of the city from which the letter is sent does not appear on the letterhead with the date.

The letter does not sound favorable to the young men and their business, yet it may be only a careless, "slangy" way of writing about a perfectly legitimate business.

But the circumstance reminds us of how a young man worked several houses in Maryville last fall in securing subscriptions to periodicals that failed to show up later, on the ground that he was working his way for a scholarship. So it may be well to be a little bit wary of scholarship agents. It will be hard on the worthy ones, however, who will have to take up lots of time probably in establishing their identity and calling beyond the shadow of a doubt.

Mrs. C. J. Eckert went to St. Joseph Thursday evening on a shopping trip. She will return Friday night, after a short visit in Bolckow.

E. E. Carver of Guilford and Judge H. H. Bonnewell of Hutchinson, Minn., left Friday on a prospecting trip into southern Missouri.

YOUR CHILD'S SIGHT

Should be a most important consideration. Many children are handicapped in school or subjected to petty nervous or physical ills by the effects of imperfect vision.

An examination of the eyes of 100,000 school children in New York City showed that nearly 30 per cent needed glasses. In Boston it was more than 20 per cent, and most of them were down on the books as "stupid," "stubborn" or "unruly."

Wearing glasses in childhood often avert serious trouble later on. Have our optician examine your child's eyes. If glasses are not needed you may be sure we will tell you so frankly.

Herefords in Good Condition.

Dr. F. M. Cahill of St. Joseph, who is deputy state veterinarian and president of the St. Joseph Veterinary college, was here last Friday and Saturday testing a number of Hereford cattle for Hugh Whiteford. They were found to be all in good condition, and a clean bill of health was issued, which entitles them to be shipped to any other state.

One of the strong points in favor of the Hereford's is their freedom from tuberculosis, which causes a great loss in some of the other breeds of cattle.—Guilford Times.

Will Move to Maryville.

Frank Mowry, who sold his barber shop some time ago to John H. Austin of St. Joseph, is preparing to move to Maryville, where he has a position in Richard Strong's barber shop. They will sell part of their household goods at auction Saturday and will go to Maryville Monday. Mrs. Gertie Dicken and children are also planning to move to Maryville and will make their home with them.—Maitland Herald.

Wanted in St. Joseph.

Jack James, who has been serving a term in the county jail on a charge of carrying concealed weapons, was taken to St. Joseph Thursday to be tried on a charge of stealing a watch, a revolver and $70 from Henry Pfeifer, proprietor of a lunch wagon. When James was arrested here, over four months ago, Pfeifer's watch was found on him.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

Death of C. C. Wilson.

C. C. Wilson died at his home in Burlington Junction at 6 o'clock Tuesday morning, following an illness of several weeks. He had not been in good health for some time and was very weak when he was compelled to remain in his bed. Death was due to a complication of diseases. A short funeral service was held at the home Wednesday morning, conducted by Rev. John W. Love, pastor of the Christian church, and the remains were taken to Westboro, the deceased's old home, where interment was made in the Westboro cemetery.—Burlington Junction Post.

To the Public: Having bought out the poultry, egg and cream business of Mr. J. A. Spiers, on the east side of the square, I will appreciate it very much if the public will continue to give me their patronage, guaranteeing that I will continue to give you the same fair treatment that he has always given.

Respectfully,
HENRY COOK.

No New Developments.

The relatives of "Dutch Charlie" Heimburg will arrive Saturday, it is thought by local authorities. The body was ordered held Thursday and no further word has been received.

Mr. Phillips Better.

Samuel Phillips of Barnard, who was taken quite ill this week was some better Friday. His son, B. G. Phillips, and Mrs. Phillips of Clinton, Mo., arrived Friday noon.

Mrs. Harley Teaford went to St. Joseph Friday morning.

Craig on County Unit Law.

Senator Anderson Craig of this city spoke at the M. E. church, South, in Savannah on Sunday evening, and this week's Savannah Reporter had the following to say:

Senator Craig, who was in the thickest of the fray for the passage of the county unit local option bill, recited in an interesting manner many incidents illustrating the acuteness, the chicanery, the snares and difficulties met in politics and the halls of the state legislature. The Anti-Saloon League and many others wished a law to prevent occurrences over the state similar to that at Maryville in which one precinct controls the entire county. The town of Maryville votes separately from the county. The entire county went dry and that decided it for the county. When Maryville voted every precinct had a majority vote of dry excepting one, and it went entirely wet, and thus one precinct controls all Nodaway county, for it is all effected by the saloons there. Mr. Craig said that no one would come out for state senator who would give evidence of his own position on this question so he announced himself on the last day and almost the last hour. His campaign incidents show the willingness of politicians and the opposing element. His was a desperate fight, but he was elected. Then the difficulties he met in getting before the right committees and having his bill presented after being repeatedly tabled, then the voting and its passage to become a law seemed like victory. It would have become a law in June had not the saloon league held it up by a petition for the iniative and referendum, making it come up at the fall election for ratification by the people. Indeed it was good to hear Senator Craig.

64 SEAL HUNTERS PERISH IN BLIZZARD

Men Caught on Floes of Ice While Sealing.

St. John, N. F., April 3.—At least sixty-four members of the crew of the sealing steamer Newfoundland perished in a storm which caught them on ice floes near the strait of Belle Isle.

That number of bodies was recovered by other steamers in the fleet, which also picked up thirty-seven survivors, all suffering severely from frost bite.

Thirty members of the crew had remained on the Newfoundland when their companions went out to hunt seals, leaving about twenty men unaccounted for out of the total crew of about 150. There is a possibility that some of these drowned by the overturning of ice cakes.

The steamer Bellaventure, with fifty-eight bodies and thirty-five of the survivors aboard, is due here today. News of the disaster was flashed here by the Bellaventure's wireless operator.

The sealing steamer Southern Cross, with 170 men aboard, was reported to have arrived safely at Channel, N. F. Fears had been felt that it had been wrecked in the blizzard.

Soon after the ceremony the couple took the train for King City, where they will go to housekeeping at once on a farm belonging to the groom's father. Both young people are well known here, having grown up in the community. The bride is the daughter of N. E. Boring and wife and the groom a son of Don Meadows and wife.—Maitland Herald.

Her Birthday Anniversary.

Mrs. Adolph Lippman was given a happy surprise Thursday afternoon by twenty of her friends who gathered to do her honor because they learned it was her birthday anniversary. An advance guard came and decorated her home handsomely before the arrival of the other guests. The reception hall and parlors were decorated in red carnations and ferns and the dining room was beautified with masses of pink and white sweet peas and ferns. Before luncheon the guests played games and the hostess gave an elaborate program of grand opera on her magnificent victrola. The favors were bouquets of carnations.

PURDUE GIRL SUES HAZERS

Freshie Asks Seven Thousand for Being Painted After Disrobing.

Lafayette, Ind., April 3.—As a result of a hazing in the girls' dormitory of Purdue university last January, Mabel Rogers of Shoals, Ind., filed suit against seven senior girls, demanding $7,000.

The plaintiff, who is a first year girl, alleges that up to the time she was hazed she was a healthy girl, with normal eyes, but now her sight is impaired and her health destroyed.

Miss Rogers, in her complaint, alleges that seven girls dragged her from her room, tore off her clothing, painted her chest, back and neck with red ink, poured mucilage on her back and stuck her with pins in an effort to compel her to kneel to her assailants.

NO COMPROMISE ON TOLLS

Wilson Denies Sending Senate Repeal Ultimatum.

Washington, April 3.—President Wilson made it known to inquirers that he expected no factional delay or filibustering in the senate against the house bill to repeal the exemption clause of the canal act. He denied he had sent any ultimatum to the senate with a view to forcing early action.

Although the bill is resting in the committee on interoceanic canals, there were many informal conferences during the day relating to the issue, and among the developments was a visit of Secretary of State Bryan at the capitol in the interest of the administration policy.

"No compromise" was the slogan of the administration leaders in their conferences. So many bills and resolutions have been introduced tending to cloud the plain issue of repeal that it has been determined to make it plain from the outset that no temporizing is to be countenanced, it is said.

Large Fund to Aid Students Released.

St. Louis, April 3.—A fund of about $250,000, which will yield annually an income of $9,500, to be used in assisting needy students at the University of Missouri, has just been released through the final settlement of the estate of Charles R. Gregory, it was announced by the attorney in charge of the estate. Gregory was a dry goods merchant, who died in 1909, leaving a life interest in his estate to Miss Maria Carter Gregory, a former resident of St. Louis. She died in Paris a year ago.

Lind on Way Home.

Washington, April 3.—President Wilson announced that John Lind, his personal representative in Mexico, sailed for the United States from Vera Cruz today on a vacation, but would return to Mexico after he had a rest.

WHY DRUGGISTS RECOMMEND

Vinol For Run-Down People.

If any one person should know the value of medicines it is the druggist who dispenses them, and from our experience we want to say if people in this vicinity only knew the value of Vinol, our delicious cod liver and iron tonic (without oil) at this season of the year, we would not be able to supply the demand.

This is because Vinol is a combination of the two most world famed tonics, namely, the medicinal curative elements of cods' livers without the oil, and iron for the blood.

Vinol tones up the digestive organs, purifies and enriches the blood, promotes healthful sleep and a normal appetite.

Old people, delicate children, rundown, overworked and tired women, should try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Orear-Henry Drug Co., Maryville, Mo. —Advertisement.

TORREON TAKEN BY VILLA'S ARMY

Carranga Announces Capture of Federal Stronghold.

CAMPAIGN ON FOR FORTNIGHT

City Falls After Bloodiest Series of Battles of Mexican Revolution—Remnant of Federal Army in Flight. Many Are Made Prisoners.

Juarez, Mex., April 3.—General Venustiano Carranza announced that Torreon has fallen completely into the hands of the rebels.

The news was first announced to the world when the bugler in front of General Carranza's residence blew the staccato notes of victory. The paen, General Carranza said, was sounded here even before it was heard in Torreon, General Villa delaying out of compliment to his chief.

The meager bulletins excitedly announcing victory after the bloodiest series of battles known to modern Mexico said that General Villa captured a large number of prisoners and that the fleeing remnant was being pursued.

Storm the Trenches.

Whether General Velasco, the federal commander, was captured was not stated. There was heavy fighting, it is understood, and the end came when, after capturing the three remaining barracks held in the city by the federals, the rebels stormed the trenches and barbed wire entanglements of Canyon de Huarache.

The prisoners captured are believed to have been the defenders of the barracks, while the troops in the canyon, which forms an egress from the hill-girt city were able to fly.

The campaign against the federal stronghold of Torreon, the main object of the rebel campaign, began suddenly two weeks ago after General Villa had spent months in making the most careful preparations.

Rebel Losses Heavy.

The rebel loss in the campaign is said to be well over 2,000 in killed and wounded. Trains loaded with the latter have been arriving daily at Chihuahua for the last week. The rebel commander moved with a rapidity hitherto unknown in Mexican warfare. He worked his men in shifts, and as one shift became exhausted he sent fresh hosts against the enemy.

A number of smaller towns of lesser importance in a military sense fell first—Mapimi, Noe and Sacramento, where a bloody battle was fought. This opened a path for the main attack. Next came Lerdo and Gomez Palacio, populous suburbs of Torreon, and all three connected by a belt street car line. Lerdo was not defended, but it took three main assaults, in which the rebels lost heavily, to take Gomez Palacio.

In the final attack on the city troops were withdrawn from Lerdo, whereupon the federals occupied it, and another sanguinary conflict was necessitated to retake it.

GEM SMUGGLING INCREASES

Total Value of Imports at New York for March Was Nearly $3,000,000.

New York, April 3.—The total value of the gems imported at this port for March was $2,995,996, according to the announcement of W. T. Treadwell, jewelry examiner at the appraiser's stores.

For the three months of the current year, the total gem imports amounted to $7,130,561, as compared with $12,540,490 for that period in 1913.

It was denied by large importers that the decrease in the imports was due entirely to an increase in the smuggling of gems under the higher duty of the new tariff. Ludwig Nissen, president of the American Jewelers' Protective association, however, admitted there was more smuggling of gems at present than there had been in many years.

Burlington Pays Million for Six Lots.

St. Louis, April 3.—Six city blocks in North St. Louis, near the river front, were sold. It is understood that the price paid for the land exceeds $1,000,000. So far as could be learned the purchase was made in behalf of the Burlington railroad. The Burlington already has been given permission by congress to bridge the Mississippi river at Mitchell, Ill., and it is understood that the land will furnish a site for terminals.

Phone Co. Ordered to Vacate Streets.

Denver, April 3.—Judge Denison in the district court here issued an order for the removal of all poles, wires and other equipment of the Mountain State Telephone and Telegraph company from the streets of Denver. The order followed a recent decision that the company was a trespasser, because operating without a franchise. Counsel for the telephone company announced that an appeal would be taken to the state supreme court.

"Movie" Inspires Lad to Stab Mate.

Chicago, April 3.—Inspired by a dream of moving pictures, while sleeping at his desk in school, Arthur Poltrock, thirteen years old, drew a pocket knife and stabbed George Namara, his seat mate, eight times before the teacher could overpower him. Namara is believed to be fatally injured.

PARIS 400 WARS ON SLITS.

A Boycott Started by Exclusive Set Against the Wearers.

The slashed skirt has caused a serious split among the "400" of Paris. The exclusive set, led by the Duchess De Maille, has formed a league and come out strongly this week against gowns being slit even an inch.

On the other hand, the smart set, headed by Duchess de la Rochefoucauld (nee Mitchell), has banded together and is determined to adhere to the attractive fashion as long as it lasts.

Reprisals so far have been confined to a refusal of one group to invite members of the other to their social functions. The anti-slash league has appointed a paid secretary to assist in the campaign. She said:

"Dignified French women have been patient long enough, but now that the unbuttoned slash is gaining by inches every week we have decided to take action. We are aiming at the abolution of the skimpy corsages now worn. Blouses are growing more like belts every day."

Rue de la Paix dressmakers merely laugh at the new society movement.

"The campaign is rather belated," said Mme. Paquin. "There are no slashed skirts in the latest fashions, but the gowns have plenty of width to allow freedom for dancing the tango and maxixe."
